DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 12/30/04 has been entered.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 12/30/04 was filed after the mailing date of the Notice of allowance on 9/30/04. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

3. Claims 1-2, 3-6, 7 and 8-16 (renumbered claims 1-2, 4-7, 3 and 8-16, respectively) are allowed.

4. The following is an examiner's statement of reasons for allowance: for independent claims 1, 13 and 16. The prior art fails to disclose determining the position of an edge as claimed. Specifically the features of identifying the model intensity profile in the measured intensity profile (one dimensional measured intensity profile of the

cross section of the edge) with an indication of its location X_m relative to a reference point and determining the reference point as $X_m + X_p$. This in combination of other features in the claims is not taught in the prior art. Claims 2-12 and 14-15 depend on the independent claims. Therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
